

# Virtual workshop options

The process of creating something planty can [help](#) to reduce stress, re-connect with nature and act as a type of meditation. Doing this as a group through our live Zoom workshop is a great way for your team to re-connect in a casual way while focusing on making something beautiful!

- Workshop structure - The live workshop lasts 1 hour. It includes a talk on the history and science behind your workshop option, a demonstration and a care talk at the end. We will be able to take questions throughout the workshop. Extra charge of £125 (exc. VAT) for groups of less than 15.
- Kit – The kit includes **everything** you need, including an easy to follow step-by-step guide with pictures.
- Delivery – We require a lead-time of 14 days. We deliver UK kits via DPD next day courier. Extra £7pp for NI. International kit options available, see below options and get in touch for any countries not listed.
- We also offer hybrid workshops where we can combine in person sessions with kits sent out to guests to join virtually from their homes. Please get in touch for pricing.

## Terrarium options

- ‘Corked Jar’ vessels, as in below picture. Gorgeous hand-blown jars made from recycled glass, with dimensions of 27cm x 17cm. More info on these [here](#). **£60pp** (exc VAT), including delivery. **£80 for EU guests**, via our EU partner.

We absolutely loved building our own terrariums with Jar and Fern! They put a fantastic afternoon together for us and were brilliant throughout - nothing was too much trouble, and we are now the proud owners of beautiful and professional-looking terrariums (despite having never owned or made one before)! Thank you Jar and Fern - we would recommend you to anyone!
