

Jar and Fern workshop options

The process of creating something planty can [help](#) to reduce stress, re-connect with nature and act as a type of meditation. Doing this as a group through our live workshop is a great way for your group to re-connect in a casual way while focusing on making something beautiful to take home with them.

Workshop structure - The live workshops lasts 1-1.5 hours depending on the session choice. It includes a talk on the history and science behind your workshop option, a demonstration and a care talk at the end. We will be able to take questions throughout the workshop. Guests will leave with their new creation and skills to make more in the future!

Ten or more guests required. For groups of 10-15, there is an additional fee of £175 + VAT. Otherwise, everything is included in the below prices.

We also offer hybrid workshops where we can combine in person sessions with kits sent out to guests to join virtually from their homes. Please get in touch for pricing.
